MARC Scholarship

An endowment was created in 1992 to give opportunities to students residing in any of the ten MARC states. The grant of \$1,000 is awarded to students studying any major at any school based on financial and scholastic criteria.

MARC Membership

If your state council is in good standing with the International Council and has named two representatives to the general board, your state council is a member of MARC and so therefore are YOU. There are no membership dues to pay or monthly meetings to attend.
